

Software Developer .NET / JavaScript (m/f/d)

Berlin-Zehlendorf · Permanent contract · Full-time/Part-time

4cost GmbH develops and distributes innovative software solutions for the creation of consistent cost calculations from the early concept phase. For this purpose, 4cost relies on a worldwide unique combination of scientifically validated parametric and classical bottom-up costing. Our enterprise applications are used worldwide in companies in the private and public sectors. With the help of multidimensional calculations, the 4cost tools enable cost clarity throughout the entire product life cycle. With the knowledge from over 2,500 projects, we develop the global costing standard.
