

## Information

The participation fee for the

- **Congress**  
299,- € excl. VAT  
(Early bird registration until 02.02.2018)
  
- **Congress incl. Seminar**  
„Parametrics at its best“  
1.298,- € excl. VAT

The contribution fee includes all-day catering including evening event, and the congress documents!

Please sign up, bindingly, by fax or e-mail  
Until the 20.02.2018, at the latest.

When registering for the event, listed above, the 4cost GmbH and you agree, that photos or videos are made at this event. You also agree that 4cost GmbH may copy and duplicated, distributed, sent and make it publicly available. This license is granted free of charge. This consent is revocable. You have, at any time the right to let photos/videos of you or yours Accompaniment which were made at the event, to be removed by 4cost GmbH.

If you would like picture and videos to be removed, a short e-mail to [marketing@4cost.de](mailto:marketing@4cost.de) will be enough!

Please find more information about travel and hotels under [www.4cost.de/ueber-uns/events](http://www.4cost.de/ueber-uns/events)

## Registration

I register, bindingly, for 4cost Anniversary Congress on the 28.02. and 01.03.2018 in Berlin.

Dear Ladies and Gentlemen,

for the 10th anniversary of the 4cost GmbH, we cordially invite you to our 4cost anniversary congress in Berlin. Taking place

**on 28.02. and 01.03.2018**

Let us together bring out a toast. The 4cost GmbH will be 10 years and the parametric model 4cost-aces was launched 25 years ago.

In addition, we offer the possibility to attend the exclusive seminar "Parametrics at its best" with our two co-partners and spiritual fathers of 4cost-aces Mr. Herbert Spix and Mr. Thomas Przybilla.

A special highlight, will be our evening event at the future(?) Capital Airport of Berlin (BER). Our exclusive airport tour, let you see for yourself and get a picture of our "mishap airport".

Inform yourself in detail about the use of our 4cost solutions "Made in Germany". The 4cost Congress, as always, offers the Opportunity to cultivate and expand your contacts in our 4cost community.

In this sense, we look forward to an interesting event and wish you a pleasant stay during our anniversary congress.

Your 4cost team

## „Parametric at is best“

**Monday, 26.02.2018**

**12:00 Uhr - 17:00 Uhr**

The two inventors of the German Parametrics, Mr. Herbert Spix and Mr. Thomas Przybilla show examples of the manifold possibilities of modelling approaches.

Questions and approaches are in detailed presented.

**Tuesday, 27.02.2018**

**10:00 Uhr - 17:00 Uhr**

Based on the first day, we will show tricks of the advanced implementation of parametric calculations.

In particular, these methodologies are recessed working with reference databases, Software cost estimates and LCC (TCO) considerations.

Of course, modelling issues of our seminar participants are also addressed.

**Wednesday, 28.02.2018**

**10:30 Uhr**

Reception & Registering

**11:00 Uhr**

Welcome/Keynote

**11:30 Uhr - 17:00 Uhr**

Presentations and breaks

**about 17:00 Uhr**

Departure to the evening event. The future(?) Berlin capital airport (BER) with an exclusive airport tour!

**Thursday, 01.03.2018**

**09:00 Uhr - 15:30 Uhr**

Presentations and breaks

**15:30 Uhr - 16:30 Uhr**

Discussion

**16:30 Uhr**

Adjourn

The lectures from customers and users refers to topics like:

- the universal parametric cost estimate,
- the individual parametric cost estimate,
- the cost structure analysis,
- the detailed calculations (including CAD-supported),
- the LCC topics and
- the calculation as a web based service.

There are exciting lectures held ea. from

**Mr. Prof. Dr. Essig**

(Bundeswehr University Munich)

**Mr. Manfred Jansen**

(Schaeffler AG - Herzogenaurach)

**Mr. Frank Hoffmann**

(Rheinmetall Electronics GmbH - Bremen)

**Mr. Hans-Jörg Hammes**

(Procurement Office of the Bundeswehr - Koblenz)

**Mr. Werner Seifried**

(Liebherr Hydraulikbagger GmbH)

**Mr. Birk Zacharias**

(RollsRoyce Deutschland Ltd. & Co.KG)

**Mr. Tobias Schneider**

(Voith GmbH)

**Ministry of Defence - Niederlande** (requested)

**MAN Diesel und Turbo** (requested)
